Screening the video

The Screening of Text-based film is practiced by the M.A English Department. Here the students enter into the visual world which actually makes them to understand the real facts of varied cultures present in this world. The Students visualizes the various aspects which sometimes may not be available in their world of thoughts. They feel at ease, with the most difficult of the facts as they view it on the screen. The practice, in the feed-back taken from the Students had a very positive impact. Hence the Department screens the films prescribed in the syllabus this also is the Best Practice of the Department.
