Q. No. 1

1) The four wheels of the ZBNF are.

- i) Bijamritka
- ii) Jiwamritka
- iii) mulching
- iv) Waaphaso

2) Milkha Singh's coach in early days are @ Gurudev Singh.

3) The liftman throw the passenger out of the lift because The passenger said Top only he didn't said "Top please". The lift man want a please so the passenger ^{thrown} out of the lift.

4) The poet of "A prayer for my daughter" is W. B. Yeats.

5) The poet face the discrimination in the poem "Still is Rise" because Maya A. She want that black peoples are also have a freedom and black peoples are also equal to white people.

Q. No. II

2) ZBNF (Zero Budget Natural Farming) prose is written by Shibu he is a farmer best for article writing. he wrote dozens of book on topic of farming and Agriculture.

Research Believe that farming was invented in Iraq, Iran in Turkey on 12000 years ago. In ~~India~~ India presently 42 percentage of land is used for agriculture In that 18 percent of land is contributed to GDP

The latest and largest alternative methods farming which are vedic farming, Agnihotra farming, Amrutpani farming, and Homeofarming. Shubhashpalekar was the first who promote ZBNF. Shubhashpalekar is also called as father of ZBNF. He belongs to farmers family in maharsatra. He graduated modern agriculture in maharsatra. He practised ZBNF in his fathers own Land for six years research. Today there are three millions of farmers are practicing ZBNF in Maharsatra. Karnataka, Tamil-nadu, Bengal, punjab, Haryana, Uttar-pradesh, madhyapradesh, kerala, Gujarat, rajasthan etc. Government awarded padmashtri for his Contribution to farming

ZBNF is different from other modern farming System because zero budget Natural farming is a free of cost and Chemical free method and the material used for zero budget natural forming is Cowdung, Cow urine, Jaggery, neem leaves, pulps etc.

ZBNF are having four wheels.
(i) Bijamrita (ii) Jiwamrita (iii) mulching and (iv) waghphasa.
(i) Bijamrita is used for microbial seed treatment made up of nema leaves and pulps.

(ii) Jiwamrittha is treatment of soil enhancement with a mixture of cow dung, cow urine, and Jaggery.

(iii) mulching is well known for practicing of covering soil with crops and crop residues.

(iv) waaphasa is the process of building soil humus to increase soil aeration.

ZBNF recommended three methods for insects and pest management those are Agnihotra, Agniastha, Bramhastha, neemastha which is a mixture of cow dung, cow urine, Jaggery, neem, fruit, pulp, green chilli etc. The Karnataka rajyaraitha Singh conducted large-scale training camps to educate the farmer. Karnataka also a movement of ZBNF was started. The first state to want 100% ZBNF is Andhrapradesh by 2024.

ZBNF promoted NITI Aayog to p. Research started the ZBNF by bhasmati and wheat in modipuram, Ludhiana, panthnagar and kurukeshtra. So the ZBNF is different from other modern farming system.

Q.No III

2) Good morning to all,

A wish you happy Independence day to all.

Respected teachers and my dear friends I want to ~~share~~ tell something about Independence day. We got Independence from british on 15 August 1947. In this war with the help of Mahatma Gandiji.

Subhash Chandra bosha etc ^{those} were participated in the war and getted a Independence to us. we all are proud to take birth in India. and I was proud to be an Indian. and Thank you all.

3) write any five homonyms.

1) Fire - Fare

2) Book - Bok

24
30

Camulho was a Paddy research Scientist's.
Once upon a time pumutue met the Camulho,
because of pumutue he was finding there
agricultural field. But why pumutue
not getting profit from this agricultural
field. pumutue said to Camulho, some
insects are in my field, which insects pest's
I don't know, which these insects and
give me a solutions.

Camulho said to be Pumutue, these insects
lives in the under the tree so, you can walk
every from the field, and these insects
comes in upper, then you have to spray's
the pest's on your field then eat it
then pumutue went to that back home.
And Mandanna comes to meet pumutue
to request with the application job applications
of minister. To get a job and
he would like to marriage after job.

Mandanna request to pumutue to with the
job application's to minister. And pumutue with
the one letter application and mandanna
takes to that letter to give minister.
then 15th august minister comes into the
mandanna's functions. And the mandanna's
do bugles and beat drums in this sound is
honey bees disturb the functions.

In Norway jungle, Mandanna find the earth -
worm and he was said to be
Camulho, Scientist. He was quarrying in that
pest's and Camulho and Mandanna, kuryuppen,
Yankler, Naphokue being with went to
the jungle to research about flying
lizard. with lots of instruments.

Prabhakar → Prabhakar he was radio mechanical in Chikmagalur. He was and photographer in with Carvalho. He was photographer with Carvalho personal research. One day Carvalho sent to Prabhakar to put pictures and find to mandanna. Then Prabhakar met to mandanna. Then Prabhakar met to mandanna and discussed with Ramiah, mandanna's marriage. But Ramiah not give the permission for the mandanna's marriage with him daughter. Ramiah said about mandanna's life. He is not getting job, how we can do mandanna's marriage with daughter like this discussion. And at last the mandanna's daughter does Ramiah daughter with mandanna's marriage. In mandanna's marriage took the marriage pictures in this marriage moments.
