P G Department of Chemistry

Report on TED Talk : 2022-23

“Do not be afraid of organic chemistry”

For
M. Sc. Chemistry Students

Date: 30/06/2023

Time: 4 PM to 5 PM

VENUE

Seminar Hall,

S.B. Arts and K.C.P. Science College,
Vijayapur.

TED (Technology, Entertainment, Design) TALK is organized by
the PG Department of Chemistry for M. Sc. students on 30th June 2023.

REPORT ON TED TALK

"Do not be afraid of organic chemistry by Jakob Magolan"

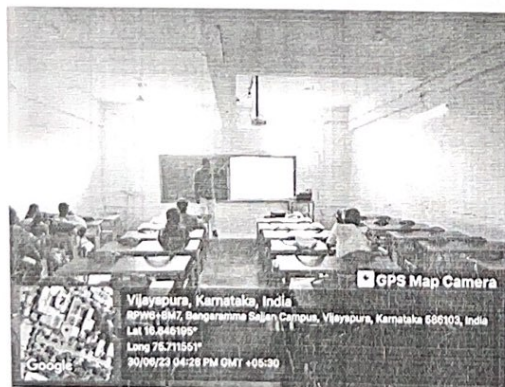

A session on highlighting the importance of Chemistry in day to day life was held by the PG department of Chemistry, BLDEA'S S.B. Arts and K.C.P Science College, Vijayapura on 30 June 2023 at 4.00 PM for the students of M. Sc students.

The session started with a TED TALK on "**Do not be afraid of organic chemistry**" by **Jakob Magolan** which was shown to students through a youtube link (<https://www.youtube.com/watch?v=I9r1dmHH2M0&t=1s>).

Organic chemistry, like many subjects in science, is perceived to be hard. Scientists are assumed to be unfriendly super smart people who speak a foreign language. However, what if you could learn any 'hard' science in 15 minutes or less? In this talk, Jakob Magolan breaks the stereotype and teaches the basics of organic chemistry in 15 minutes.

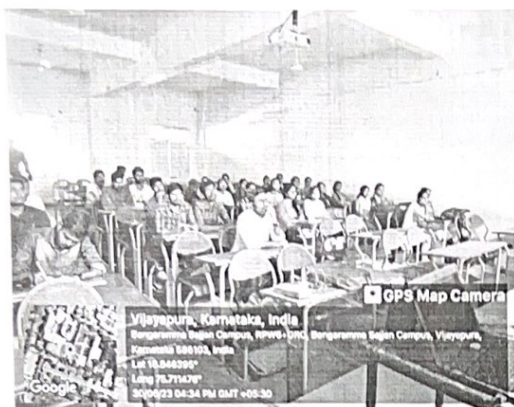

By taking simple examples of carbon based compounds like carbon dioxide, propane, butane, octane etc., further he used complex molecules like vitamin C, caffeine morphine and adrenaline also known as epinephrine etc., he explained basics of organic chemistry.

This talk was given at a TEDx event using the TED conference format but independently organized by a local community This TED talk was really knowledgeable and inspirational for students as well as faculty members as it gave a positive outlook of the organic chemistry subject. It made us realize how important it is to understand, interpret chemistry in a practical approach and its applicability in daily life. This talk made us feel proud of chemists. This talk has inculcated the curiosity in us to learn more in the field of Chemistry.
